

# Shubham Sevda

Software Engineer +91 9867897913 | Mumbai, India

[shubhamsevda@gmail.com](mailto:shubhamsevda@gmail.com)

Software engineer been pushing code for more than 8 years, helped bring multiple startups' visions to life. Committed to excellence. In the digital world, I craft interfaces and dive into coding intricacies. Beyond screens, I find solace and joy spending time with family. My life blends tech and nature, coding sessions & fitness.

## EXPERIENCE

### Postpay

Senior Software Engineer

Aug 2021 - Present • 3 yrs 2mos

Dubai, UAE | [www.postpay.io](http://www.postpay.io)

- ◆ Lead and mentor frontend team, conduct code reviews, ensure high-quality standards.
- ◆ Collaborate cross-functionally, gather requirements, define scope, use agile methodologies for project execution.
- ◆ Develop scalable web apps with ReactJS, NextJS, TypeScript, integrate APIs with Axios, utilize GraphQL, RESTful APIs for data manipulation.
- ◆ Lead push provisioning with Apple and Samsung team and implemented Postpay card in React Native consumer app, implemented microservice in NodeJS handling payload manipulation using cryptography.
- ◆ Built Postpay widgets written in vanilla javascript used by thousands of merchants
- ◆ Configure ESLint, Husky for code quality, optimize maintainability, readability.
- ◆ Lead integration team building multiple plugins for shopify, wordpress and opencart.
- ◆ Convert monolith codebase into micro frontend architecture which enabled us to onboard multiple loan providers
- ◆ Stay updated with latest frontend tech and trends, continuously improving team skills and processes to drive innovation and maintain competitiveness in the industry.

### Mine'd(now Felt) (acquired by Journey)

Technical Lead

July 2019 - Aug 2021 • 2 yrs 2mos

New York, USA | [www.linkedin.com/company/thefeelingsco](http://www.linkedin.com/company/thefeelingsco)

- ◆ Attended Techstars 2021
- ◆ Lead Engineering team and served as Technical Lead. Designed and implemented the architecture for a backend system that scaled to support 100,000+ users with 99.9% uptime. 10,000 daily active users (DAU)
- ◆ Successfully integrated video streaming capabilities into the backend using Agora Platform APIs, enabling real-time, high-quality video communication. This feature enhanced user experience and expanded the platform's functionality, supporting seamless, low-latency video interactions
- ◆ Partnered with the product manager to design engineering sprints, aligning technical tasks with product goals. This improved sprint efficiency ensuring timely feature releases and smooth cross-team communication.
- ◆ Built a scalable backend using Node.js, Express, Postgresql and Docker containers. Hosted on AWS elastic container service with Autoscaling.
- ◆ Built React Native apps for both consumer and experts to host live sessions and explore sessions.

### Dough

Frontend Lead

May 2018 - July 2019 • 1 yr 3mos

San Francisco, USA | [www.doughcrm.com/](http://www.doughcrm.com/)

- ◆ Lead Frontend team, conducted code reviews, and ensured code quality.
- ◆ Scheduled and facilitated meetings with stakeholders to align on project timelines.
- ◆ Developed responsive web app enabling lead and schedule management.
- ◆ Built React Native app for network marketers enabling them to manage their leads, payments and contacts at a single place.
- ◆ Demonstrated problem-solving skills and leadership in team collaboration.
- ◆ Gathered project requirements and translated them into actionable tasks.

### Ovanah

Frontend Engineer

Apr 2017 - May 2018 • 1yr 2mos

San Francisco, USA | [www.ovannah.com](http://www.ovannah.com)

- ◆ Spearheaded frontend development, ensuring adherence to web standards and best practices.
- ◆ Developed responsive web designs with HTML5, CSS3, and SASS for optimal user experience.
- ◆ Implemented a marketplace for selling apparel and built a platform for merchants to manage inventory, orders, and payouts.
- ◆ Braintree and stripe integration for the merchant dashboard to enable seamless payouts.
- ◆ Strong attention to detail and problem-solving abilities, ensuring efficient and effective frontend development processes.

## SKILLS

## UI FRAMEWORKS

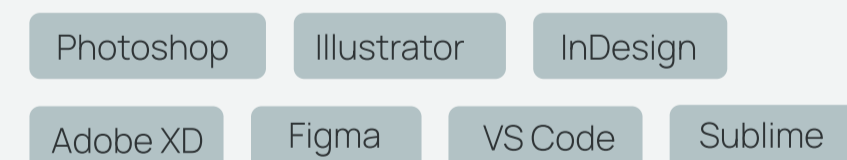

## DESIGN & SOFTWARES

### Design Skills
